Dear Sir or Madam,

I am a US citizen (DOB July 4, 19 [REDACTED]; passport # 58 [REDACTED], expiring March 17, 20 [REDACTED]), and I would like to extend an invitation to my father, Andrey [REDACTED] (born May 1, 19 [REDACTED]; Russian Federation passport number 75 4008 [REDACTED], expiring December 5, 20 [REDACTED]), to visit me and my family in the US sometime between November 1, 2022 and June 1, 2023. We have not seen each other since before the pandemic, and it would be difficult, expensive, and stressful for me to travel with my two young children abroad at this time to visit him. My children had gotten used to seeing their grandfather twice a year, and they miss him very much. It would mean a lot to all of us if you could make this visit possible by granting him a visa.

My father would stay with us at 15 [REDACTED] Rd., Scarsdale, NY [REDACTED]. During his stay, I will be prepared to cover all travel expenses, provide housing and food, and I personally guarantee his return to Russia before the expiration of his authorized stay. Thank you in advance for your time and consideration.

Kind regards,

Ekaterina [REDACTED]
